OVERNIGHT RESPITE

Home & Community Support Services Grey-Bruce Overnight Respite weekend program provides support to adults with responsive behaviours due to cognitive impairments, dementia, neurological disorders, and other issues.

This service offers caregivers a scheduled break, leaving the care of their loved one in the capable hands of qualified and caring staff. Clients may also attend the Day Away program giving caregivers 24-72 hours or respite.

Nutritional meals, snacks and planned activities are important parts of this program. Transportation may also be available.

There is a client fee for this service. Financial assistance may be available.
